

An Interesting Photo from Bob Frishman (MA)

A good friend, also one of the best vintage photography dealers, stays on the lookout for old clock-related photos for me. He recently sent this 5.5" x 6.5" print date-stamped "AUG 13 1936" on the reverse, along with a sticker hinting that this is from a newspaper archives. Our editor located "Hartford National Bank & Trust Co." as a possibility for the initials on the man's uniform. We invite readers to suggest other possibilities as well as information on the unsigned gallery clock.

Image and information courtesy of Greg French Early Photography, Jamaica Plain, MA.
